Chapman Entertainment

www.chapmanentertainment.co.uk

Founded in 2002 by Creative Director, Keith Chapman (originator of Bob The Builder), Managing Director, Greg Lynn, and Commercial and Finance Director, Andrew Haydon, Chapman Entertainment specialises in the creation, production and licensing of original, quality children's and family entertainment properties.

The company has been triumphant with pre-school properties, Fifi and the Flowertots and Roary the Racing Car and launched both Little Charley Bear and Raa Raa the Noisy Lion on CBeebies this year with phenomenal success.

Fifi and the Flowertots

Fifi and the Flowertots, starring Jane Horrocks, is an award-winning pre-school series on Five's Milkshake! and Nick Jr. Each episode celebrates the outdoors which encourages girls and boys to develop an appreciation of being outside and discovering the world around them. Fifi loves cooking in her kitchen with fruit and vegetables, which is a great way for children to learn how to lead a healthier lifestyle.

Roary The Racing Car

Roary the Racing Car, starring Peter Kay and Sir Stirling Moss, has taken the chequered flag since its launch in 2007 on Five's Milkshake! and Nick Jr. Not only does the hit series introduce motor sports to a pre-school audience for the first time, but through Roary's example children can learn the importance of friendship, team work and problem solving. Roary and his friends always want to do their best and win. When obstacles get in their way, they work together to overcome them, learning valuable lessons along the way which pre-schoolers can identify with.

Little Charley Bear

Little Charley Bear is an enchanting CGI infant series about an imaginative and playful bear called Charley. Under the watchful eye of his friend, the Narrator (Gavin & Stacey star, James Corden), this adorable little bear uses his imagination to play and go on adventures. Through imagination, children can learn and develop on a personal, social and emotional level with Little Charley Bear - the way he communicates his ideas, thoughts and feelings through movement and role play can aid and educate children all around the world with visual, auditory and kinaesthetic learning styles.

Raa Raa the Noisy Lion

Raa Raa the Noisy Lion is a noisy new infant series about Raa Raa and his friends in the Jingly Jangly Jungle! With help from the audience, the gang are figuring out that they can solve noisy mysteries, go on adventures and have a lot of fun if they use their fast-developing communications skills: gestures, expressions and best of all, words!
