Dependable Solutions, Inc. offers the latest brand management systems and services to agents, licensors and licensees, including Dependable Rights Manager, a contract-based integrated licensing system developed by experienced specialists in licensing, approval and royalty software. DSI is based in Los Angeles with offices in New York, Dallas and Belgrade servicing 25 clients in

Australia, Canada, Hong Kong, United Kingdom and the United States. Licensor clients include GModelo, Sanrio, Pokemon, Elvis Presley Enterprises, Harley-Davidson, Dr. Pepper Snapple Group, Yamaha Motors and Smileyworld. Agent clients include CAA, Velocity Brand Management and Access Licensing Group. Licensee clients include Li & Fung and NMR.

Dependable Rights Manager

DRM automates the core operations of any licensor, licensee or agent contract management, financial, sales activity and royalty reporting processes. DRM fully automates your brand licensing royalty reporting, guarantee tracking, invoicing and trademark registration processes to increase sales, coordinate your brand team and streamline licensing financials.

Product Development

Now you can fully integrate approvals to process every stage of artwork, product, advertising and packaging process initiated by your licensees. With DRM Product Development linked directly to your contract rights and capture characteristics on each approval, you gain valuable insight into approved products, ads and artwork.

Dependable Royalty Manager

Dependable Royalty Manager is a licensing royalty compliance tool enabling licensees to manage contracts with licensors & agents. Through an integrated database of licensed properties, SKUs, contracts, guarantees and approvals, DRM allows licensees to exploit all the rights granted in contracts to maximize every available term in the license agreement.

Retail Chargeback

DRM Chargeback's utility is designed to manage the complete process of your royalty compliance practice, to control and maximize your allowed deductions with retailer chargebacks. This module allows for even greater control of the deductions allowed on your licensing agreements and the processing of retailer credit memos and other discounting down to the retailer level.

Content Library

Help keep licensees fully informed with the latest licensor style guides, approved artwork, training videos and other media content to help get a jump start on product approvals. You can give anyone selective upload or download ability to search across all your media files.
