

**STAND 600**

Fulanitos

licencias@fulanitos.com

www.fulanitos.com

It's always a good time to imagine, read, cook, play, create, dream, draw and smile! There's always a fulanito who would love to enjoy it with you. Feel inspired. Get to know yourself and your favorite things. Feel happy — it's fulanitos time!

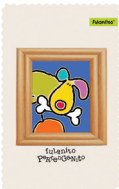

**Floripondia**

Floripondia makes you smile! She's getting all spotty because she's allergic to non-pink. The only colored things Floripondia can stand are flowers and her Prince Charming, who shouldn't be pink at all!

**Garagato**

Cute and nonsensical, Garagato is a cat who always worries about losing the stripes that make him so proud. His favorite hobby, taking bubble baths, inspires you to unwind and relax.

**Perrenganito**

Perrenganito is no boring dog! He's a little shy about his shiny, red nose — so he covers it up with whatever he finds, whether or not it belongs to him! He's a great friend, and sends cards or chocolates as a secret admirer whenever the fulanitos are sad.

**Catarina**

Catarina feels just like you do, sometimes. Suddenly she's tinier than a ladybird, and the next moment she's bigger than a mountain! Through it all, she learns lots of things in the interesting world of bugs and beetles.

**Lolipop**

We simply believe that children love these simple-to-remember, simple-to-draw, simple-to-spot characters. They understand them because the simplest things in life are the best. Knowing some simple things about yourself makes you happy. You'll simply draw a smile!
