Gidget is offering a lifestyle and good vibrations to the world through products that will be launched globally through the series of movies and other entertainment properties. Gidget impacted the Golden Age of Surfing like nothing else in history, and we believe the new Gidget can do the same not only for surfing, but for all types of active lifestyles.

What makes the entire package work so well is having all Gidget Licensed Properties custom-created and crafted, using only the most appealing fashion-forward looks inspired by the finest, most successful fashion and home wares designers from the US and around the world.
