 www.jastcompany.com

JAST has invented 12 sound products for patent applications. If you are interested in applying your characters and sounds to pens, gift bags, gift boxes, cap, mug, pencil case, greeting cards, diary/notebook/photo albums, candy/jewelry/wine packaging, and/or football club sound products, please contact us for more details.

Talking / Singing pens

Click the top of the pen to turn the music on or off. This writing-pen stands 5-1/2" high. It is beautifully packaged in a collectible blister card. Replaceable batteries last a minimum of 1,000 to 3,000 playbacks depending on the sound length.

Everyday Bags

Talking/Singing gift bags

The Talking/Singing gift bag plays music or a voice when the bag is opened by unsnapping the button. Recordable versions are also available to make it the perfect personalized gift. With multiple designs for all occasions, this gift bag can be used as a gift accessory or a stand-alone gift.

Talking / Singing Gift Boxes

Works like magic! Simply lift the lid and the box sings, close the lid and it stops. Adds the "Wow!" factor to any gift.

Talking / Singing Notebook/photo album/diary/binder

Simply lift the cover (or unsnap the button) and the product sings, close the cover (or snap the button) and it stops.

Talking / Singing Mug

Lift the mug and the mug sings, put down the mug to stop. Removeable electronic unit for easy washing. Battery replaceable.
